Historic Tavern At Tahoe Faces Policy Changes

Two major corporations this week announced the joint purchase of Tahoe Tavern, on the northwest shore of Lake Tahoe. A spokesman for United States Plywood Corporation and the Moana Development Company outlined a program for future development which has characterized the resort for six decades, according to reports in the commercial centers of the state.

The Tavern is located on a 38-acre knoll, studded with extensive stands of cedar and fir trees. Situated one-half mile south of Tahoe City, it is one of the larger privately owned shoreline parcels on the lake.

According to Donald Williams, spokesman for the Tahoe-based Moana interests, development of the tavern property will result in a residential community offering maximum privacy along with moderately-priced lakefront luxury units.

A master plan is now being prepared for the property, envisioning low level condominium units clustered around recreation focal points such as the beach and lagoons, tennis courts, swimming pool, a marina and possibly a par-3 golf course. Emphasis will be on retaining much of the acreage in its natural state. Construction will begin this fall, with some units potentially available before winter.

The original Tahoe Tavern was built in 1901 for the D. L. Bliss family and initially catered to wealthy vacationers who arrived by train on a special line to the

Found Not Guilty Of Child Neglect

It took a jury in the Nevada County Superior Court one hour and 45 minutes to find Mrs. Firth Elaine Hand of Truckee not guilty of a charge of contributing to the delinquency of her five minor children.

Mrs. Hand was arrested last winter by the sheriff's deputies after she was alleged to have left them in their home at Donner Lake unattended. The oldest of the five is a 12 year old boy. This boy was one of the several witnesses called to testify.

He testified that he had experience as a baby sitter and was capable of caring for his baby sister.

According to prosecution witnesses, Mrs. Hand left the children and in the company of her 21 year old foster son, made a trip to Roseville where her husband, Dennis Lloyd Hand was employed returning home at 1:30 a.m. the following day.

During their absence, it was revealed, the oldest son went out in a blinding snow storm at 11:30 p.m. to borrow milk from Deputy Leo Zander who lives nearby.

Mrs. Hand was particularly angered by testimony of some witnesses that the house was "filthy," She said her foster son did most of the housekeeping and cooking since her illness. The foster son went to live with the Hands at the age of 16 when a ward of the superior court of Napa County.

KINGS BEACH CHURCH SMORGASBORD IS SET

KINGS BEACH — The annual smorgasbord dinner will be held at the Kings Beach Methodist Church Sunday, July 19th. This dinner features ham, turkey, beans, spaghetti, plus numerous salads and dessert. A donation of $2 will be taken for adults and 75c for children.

The tables are set in both the banquet room and outside, and the dinner is served from 5 until 8 P.M. The public is invited to come enjoy a good dinner plus pleasant fellowship.

78 PER CENT VOTER TURN OUT IN COUNTY

SACRAMENTO, (CNS) — California reached a new record in voting at a primary election last month, Secretary of State Frank M. Jordan announced today as he made the final tabulation on votes cast.

The count showed 71.94 percent of the registered voters, 5,124,175 persons cast ballots at the election, the highest percentage in 34 years.

The tabulation showed Nevada County with 8,907 precinct voters, 347 absentee ballots, for a total of 9,254, or 78.28 per cent of the registered voters.

Visiti Kin—

Mr. and Mrs. Ray Paddock of Los Angeles have returned home after visiting Mr. and Mrs. Richard Paddock of Donner Trails, and their niece, Maricae Kady, this week.

Canada Tour—

Mr. and Mrs. Clarence Osburn and children are touring Canada, presently at Calgary.

Man Dies in Car, Others Seriously Hurt in Accidents

A man died and two young women suffered major facial injuries in a series of accidents on highways near here during the pase week.

John Freeman, 55 Los Angeles, was killed instantly last Thursday morning when his car and a dry cement truck and trailer collided on Interstate 80 near Cisco Grove at the Eagle Lake Road turnoff. Highway Patrolman Charles Wilson of Gold Run reported the Freeman vehicle apparently was eastbound when it crossed the highway, striking the truck, driven by Frederick Larsen, 36, of Tahoe Vista. Larsen and his son, Tommy, escaped injury.

Four people from two cars were taken to Tahoe Forest Hospital Saturday, following a collision just south of Tahoe City. Officers Dan Davis and Earl Meixner are continuing their investigation. Susan Olmo, 25, San Francisco, suffered serious facial injuries when she was ejected from the car driven by her husband, Raymond, going through the windshield. Oimo, his passengers, Victor and Silvia Broghard, and the driver of the second car, Robert A. Clegg, of Reno, all were injured as well.

Another young San Francisco wife, Maureen Martinez, 21, sustained serious injuries to the face when she went through the windshield of a car driven by her husband, John L. Martinez, on Highway 89 half a mile south of Interstate 80 Saturday afternoon. The driver of the second car, Robert C. Harris, 18, of San Francisco, was cited for speeding by Patrolman Wayne Hopkins. Both drivers sustained only minor injuries.

In another accident July 11, William M. Connors Jr., 21, Tahoe City, was taken to Tahoe Forest Hospital with major injuries when his auto went out of control on Highway 89, near Sugar Pine Road. The vehicle left the highway and crashed into a garage, before stopping. No citation was issued pending investigation by Officer Arlie Fisk.

BENEFIT TOUR OF DONNER HOMES, CABINS ON AUG. 1

The Donner Lake Volunteer Fire Department Ladies Auxiliary is holding a tour of homes and cabins on Donner Lake Saturday, August 1.

Boats and cars will be available at Donner Lake Lodge starting at 1 p.m.

All the homes to be visited are on lake front property and feature various styles of architecture.

Tickets are available at the lodge or from DLVFDLA members. The $2 donation will help with the needed meeting room at the firehouse. Transportation, refreshments and awards are included.

Participants are asked to wear soft soled shoes and casual dress.

SIERRA CAMPSITES CLOSED FOR WORK

Tahoe Forest Supervisor H. E. Branagh has announced that a contract has been awarded to Nevada Paving Company for the road construction in Cottonwood campground and the widening and paving of the road in Cold Creek campground. These two campgrounds are on Highway 89 about five miles south of Sierraville.

Work has already started at the sites. It is anticipated the campgrounds will be open for use near the end of August. The contractor has promised to complete the work as rapidly as possible in order that they may be reopened.

Campgrounds that will remain open nearby are Prosser, Bear Valley and Yuba Pass.

Happy Birthday—

Mr. and Mrs. Douglas Barrett and daughters, Patricia and Phyllis, are visiting friends and relatives in Truckee this week from their home in Sacramento. Yesterday they were joined by the W. M. Barretts and the R. G. Leamon family in celebrating Patricia's 14th birthdate.

Mrs. Bertha Woolverton of El Dorado Hills has opened the J. E. Joerger ranch home for the summer.

Summer Storm Drenches Area, Hail in Sections

Summer rain of torrential proportions soaked the Truckee area Sunday afternoon, sending golfers and picnickers scurrying for cover. In some sections, hail fell in sufficient quantities to cover the road and stick briefly to automobiles.

A high, spectacular electric storm accompanied the brief downpour, which was followed by a beautiful, cloudless afternoon and evening.

The Truckee District ranger station of the U. S. forest service measured over a quarter of an inch precipitation from the drenching.

Sunday's storm produced seven small fires in the immediate vicinity. There were three in Carpenter Valley, one in Squaw Valley, one at Sagehen, one at Juniper Hill and one north of Carnelian Bay. They were promptly covered either by helicopter or truck and were not considered dangerous because of the rain which accompanied the electrical storm, the forest service reported.

Mrs. Van Hooser Buried Saturday

Funeral services were held at the Community Methodist Church at Kings Beach Saturday at 10:30 a.m. for Mrs. Clara Pauline Van Hooser, 48, a resident of Kings Beach for the past 18 years, who expired at her home last Wednesday.

Mrs. Van Hooser had not been in good health but her death came as a shock to her family and many friends.

A native of New Mexico, the deceased was born May 23, 1915. She came to Lake Tahoe 18 years ago and her husband, John, has engaged in the building trade there.

Besides her husband, Mrs. Van Hooser is survived by a daughter, Mrs. JoAnn Kerr of Los Angeles; three sons, Hugh of Kings Beach, John Lee of Donner Lake and Donald L. of Los Angeles. A sister, Mrs. Thelma Webb. lives in Reno. There are three grandchildren.

Rev. Wiliam Marx officiated at the funeral rites which were under the direction of the Truckee Colonial Mortuary. Burial was in the Tahoe City cemetery.

DON DE ROSA LOW BIDDER FOR JOB AT T. F. HOSPITAL

Don de Rosa Inc. of Auburn was lowest of five bidders seeking to do the foundation work on a Tahoe Forest Hospital addition. The bids were opened at a directors meeting last Friday night. The successful bidder indicated they would begin the job within this week. The accepted offer was for $19,747.

In other action, the directors unanimously rejected the application of Dr. E. O. Hendrickson to practice in the hospital.

Board President Gordon Moyer presided and all directors were present.

SANITARY DISTRICT PICKS CROSE CLERK

Oliver Crose, for several years accountant at Z Market and well known throughout the community has been chosen as clerk of the Truckee Sanitary District, replacing Jack McGlade, who has taken a position as administrator of the Carson-Tahoe Hospital in Carson City.

The selection of Crose was made from a number of applicants at the last meeting of the board of directors last week. The part-time position pays a salary of $100 a month.

RUMMAGE COMING

"Watch for the opening date of the fifth annual rummage sale by the Assumption Guild," is the word from the ladies of that organization this week.

Planning Home—

Mr. and Mrs. David C. Newington are vacationing at Kings Beach. While there they are planning their summer home on Truckee River.

Tahoe Freeway Opponents Gain Official Support

TAHOE CITY—William Briner, Placer County supervisor for the Tahoe City district, this week led the county board in opposition to a state freeway along the west shore of Lake Tahoe. The board favored instead a new "parkway" scenic highway.

Briner favors a "more meandering type of road" than freeway. Pointing out a general conviction that the present highway is inadequate, he advocated a new road "built further from the lake" while retaining the present road except for alignment of some "dangerous curves,"

While no definite parkway plan has ben proposed, the supervisors have said they will not sign a freeway agreement with the state. The lake's regional planning commission has indicated that necessary legislation is being prepared for the 1965 session at Sacramento to substitute parkway for freeway planning for such areas.

Meanwhile, Alan S. Hart, assistant state highway engineer, in a letter to the Lake Tahoe Area Council pledged support to the scenic development of roadways in the Lake Tahoe basin. Hart expressed the opinion that "future construction can be handled to preserve scenic values. We have pledged ourselves to follow as closely as possible the tenents for preservation" of the areas' beauty.

Hart added his impression that "long before these roads can be built" that California will have established by legislative action the scenic standards for a parkway system that will meet the desires of the people of the Lake Tahoe Basin.

Harry Marks, president of LTAC, commenting on the Hart letter, concluded, "We are working for a parkway plan and we are on the side of the angels . . . We believe in these things,"

FIREMEN, LADIES STAGE PICNIC AS QUEEN IS NAMED

The Donner Lake volunteer fire department ad auxiliary "first annual" picnic was highlighted Sunday by the crowning of Candy Board as Queen of Donner Lake for 1964. Miss Board was the candidate of the Lions Club.

Her regal attendants were Janice Randol and Susan Knapp.

A featured event of the outing was a hose team contest. A squad headed by Capt. George Wurst won, connecting to a hydrant, running 200 feet of hose to the truck and putting water on a simulated fire in the excellent time of one minute, 15 seconds. The Wurst team finished only four seconds ahead of a team led by Lt. Sky Miles.

There were old fashioned games for youngsters, with traditional refreshments for the over 60 firemen and guests who attended the party at the beach on the west end of Donner Lake.

Use of the facilities was generously donated by Robert Jamison. Chief and Mrs. R. L. Harris were in overall charge of arrangements for the occasion.

JUST-WEDS TO LIVE AT TAHOE VISTA

Mr. and Mrs. Thomas Hyers will establish their home at Tahoe Vista upon their return from a honeymoon at Yosemite National Park, having been married recently in the United Church of Christ at Squaw Valley.

Mrs. Hyers is the daughter of Mr. and Mrs. Charles Rose of Quincy.

A reception honored the couple at Squaw Valley Lodge.

CARS BURGLARIZED AS OWNERS SLEEP

Two touring visitors reported on July 14 that their automobiles were burglarized the night before while they slept at Bliss State Park on the west shore of Lake Tahoe.

Irene Unkel of Long Beach told sheriff's deputies that two diamond rings and a watch, valued at $1,500, had been taken from her vehicle.

Melvin I. Travis of Stockton said $250 was taken from his wallet in the second incident.

Candidate Lack May Halt Vote, 30th is Deadline

If, between now and July 30, no more than one candidate for each office on the board of directors, Truckee Sanitary District, files nominating papers to be elected then no election will be held. Secretary Oliver Crose reports there are two positions opening this year.

Incumbent directors whose terms expire this year are Paul Van Vliet and R. W. Seibold.

The health and safety code provides that if this condition prevails 40 days before the election the board of directors will forego the balloting and request the board of supervisors to appoint those nominated without contest. If there is no candidate then the supervisors will appoint a "qualified" person to each vacancy.

Even though there may not be sufficient candidates, a notice in today's Sun specifies that when five per cent of the district electors petition 30 days or earlier before the election date a vote will be held.

Crose said he has nomination forms available for anyone desiring to seek either position on the board. They may be obtained by calling at his home or at Z Market in Gateway. The election, if held, will be on September 8.

Recreation Body Slates Campout

The Truckee-Donner Park and Recreation Department is planning an overnight campout for all children ages 9 and over for Monday, July 20. The campout will start from the swimming area of the State Park and take place on Cold Stream about 1 mile above Clement's.

A bike rodeo was the highlight of last week's activities at the playground of the Truckee Elementary School. The winners in the speedrace were Homer Owens, Dave Dawson, and Terry Wisenback. In the Slalom the winners were Dave Dawson, Mike Clark, and Eldon Stephenson. Honorable mentions went to Holly Schooley and Nancy Raynor.

The winners of the Scavenger Hunt were Carmen Fernandez, Dianne Rose, Alanna Fitzgerald, Sonja Fernandez, Stephanie Silva, Tommy Zorich, Danny Cozzi, Tina Van Schmus, Paul Fernandez, Dianne Bartlet, Randy King, and Stevie Fernandez.

CARELESS CYCLISTS DANGER IN TRAFFIC AT NORTH TAHOE

KINGS BEACH—The California Highway Patrol cautions bicyclists in the north Tahoe area to be especially careful when pedalling on streets and highways.

At least two 12-year old Kings Beach boys have been shaken up or slightly injured during the past week, in collisions with motor vehicles. The patrol indicated that diverted attention and failure to yield by the cyclists probably caused the mishaps, though no citations were issued.

Much more serious consequences can be anticipated unless greater care is practiced in the handling of bikes.

TRUCKS DELAYED TO SPEED TRAVEL

Westbound freight trucks on Interstate 80 were delayed at the Truckee quarantine station Sunday between 1:00 and 6:15 p.m., according to the state division of highways office here.

It was emphasized that such control was imposed solely to expedite traffic over the summit during a period of potential congestion. Neither weather nor road conditions required the closure and the technique may be used again as traffic flow would indicate. Buses and passenger cars were not affected.

WYETHIA SUPPER

The Women's Wyethia Club will hold a pot-luck supper at the club house Friday evening, beginning at 6:30. Club members and their families are invited to participate.

Building Planned To House State's Offices At Wye

Richard Joseph, owner and developer of the Gateway subdivision, announced last week that negotiations with the State of California for purchase of a site for a new California Highway Patrol and Department of Motor Vehicles at the intersection of State Route 89 and Emigrant Way have been completed.

The site embraces an area approximately 325x200 feet on the east side of Route 89 and just south of Emigrant Way. The price of the land was not revealed.

Lease on the present CHP and DMV offices on Emigrant Way just west of the new site, expires the first of next year and while the new building will not be completed by that time, the state plans to rush the proposed project to provide for its use as soon as possible.

Under present plans, the new building will cost approximately $275,000 and will house offices for both departments and provide for a 20-year expansion. There will also be garages and other necessary facilities on the land.

Joseph retained the corner property at the intersection of Emigrant Way and Route 89.

The location for the patrol office is believed ideal for service to the public as itis close to the freeway on the way to Lake Tahoe. The land has good drainage and will provide easy access both winter and summer.

Work is expected to start in the near future.

Truckee Is Tops As Entry Point

SACRAMENTO (CNS) — Traffic passing California's border checking stations during June totaled 942,563 automobiles, 40,612 trucks and 5152 buses, up considerably over that month in 1963 in all categories but buses.

The department of agriculture, which operates the quarantine stations, reported the station at Truckee on U. S. 40 handled the heaviest volume of traffic for the month, with 391,796 passengers passing the station in 152,769 autos and 846 buses.

There are 18 such stations operative along all California's borders. Truckee's nearest rival was Meyers, with 378,214 passengers in 139,083 autos and 100 buses.

Truckee ranked third in the volume of freight trucks cleared with 5,823. Winterhaven and Blythe tallied 9,857 and 7,606 respectively.

Totals for June showed 2,672,958 persons in 606,737 California vehicles, 335,826 out-of-state vehicles and 5152 buses. This compared to figures for June, 1963, of 2,481,467 passengers in 553,970 California autos, 313,484 out-of-state autos and 5470 buses.

New Procedures May Delay Try At Incorporation

Because of lengthy statutory procedures affecting the date for an incorporation election, the election to determine whether the Truckee-Donner community shall become a city cannot be held this year.

However, petitions calling upon the Nevada County Board of Supervisors to hold such an election are expected to be circulated within the next two or three weeks.

This was determined at a meeting of the incorporation study committee of the Truckee-Donner Chamber of Commerce last Thursday. This committee, headed by Dr.Ben King, is attempting to determine the wishes of the people of the community in the controversial issue through an election.

Many steps are necessary before the voting including the circulation of the petitions, now prepared and to be circulated in the immediate future. The boundary commission has already approved the size of the proposed incorporated city, but the issue still must go through a series of hearings including one by the Local Agency Formation Commission, which must approve the proposal.

Later, the board of supervisors must hold public hearings before calling an election. During those hearings, protests may be heard by anyone opposing the issue.

Each of these steps requires considerable time and there is a possibility the election cannot be held before the fall of 1965.

The chamber of commerce is acting only as a study group to de-

Heuga Nominated For 'Man of Year'

CRYSTAL BAY—The directors of the Greater North Lake Tahoe Chamber of Commerce Thursday night, July 9, nominated Jimmy Heuga of Tahoe City for national honors as "Young Man of the Year."

Each year the U. S. Junior Chamber of Commerce names 10 men under 36 years of age. The 1964 Winter Olympics medalist was unauimously chosen as Tahoe's representative, upon the suggestion of Director Jack Domergue.

Don Lindstrom, new manager of Bank of America, was designated as a board member to succeed Bill Keller, who preceded Lindstrom as manager of the Bank. A letter of appreciation was sent to Keller for his two years service to the chamber.

Among other business, the chamber directors voted $100 be given the Tahoe City fire department for its 4th of July fireworks display. In addition, the chamber will take a more active part in next year's program. It was tentatively agreed the chamber would again sponsor winter dog sled racing and that an appropriate committee would be named soon.

President Carlton Korarske was in charge of the session.

CHECKING LEADS IN THEFT OF BOATS, GEAR AT DONNER

The Truckee branch of the sheriff's office is investigating the latest in a series of thefts of boats and equipment at Donner Lake. Two such thefts occurred on Saturday night, July 11, and officers are following fresh leads which came to light in connection with the crimes.

Sheriff's officer Preston Patnoude investigated the cases reported Saturday. One was a boat and equipment, including a 50 horsepower Evinrude motor and two slalom skis, with a total value of $780. These belong to George Harsch of Dos Palos, a Donner Lake home owner and the boat was moored at a padlocked pier.

The second incident involved a 3½ horsepower Neptune motor, taken from a boat tied to a dock at the west end of the lake, owned by Jerry Ebert of Concord.

JESSENS STAYING, RETAIN STATION

While Mr. and Mrs. Stanley M. Jessen have sold their interest in the Shell oil distributorship in Truckee, as announced last week, they are retaining management of the Shell service station downtown in Truckee.

Their many friends in the area will be pleased to know that they plan to continue their residence here.

A new red sign, complete with a blasting horn and a steady beam from a bright red light, will confront the wrong-way driver at a test site on one off-ramp (near Sacramento) in the state freeway system. The new device, activated by a detector in the pavement which is sensitive to wrong-way movements only, is part of the Division of Highways' experimentation to devise effective ways to cope with motorists who may cause wrong-way accidents.

East Bay Last Rite for Mrs. Beardsley

TAHOE CITY—Funeral services were held Monday for Mrs. Elizabeth Beardsley, wife of Charles Beardsley, who passed away in Oakland, following a lengthy illness.

A native of Tuscarora, Nevada, the deceased graduated from the University of Nevada and studied music at both University of Pacific and University of Idaho. She married in Elko, when she was in charge of the music department at Elko high school.

The Beardsleys moved to Oakland in 1943, Beardsley was a music teacher in Piedmont before entering the real estate business.

In more recent years, the couple has spent summers at Lake Tahoe while wintering in Oakland.

Beside her husband, she is survived by a daughter, Mrs. Elise Ives of Lake Tahoe; a sister, Mrs. Donna Anderson of Oakland; a grandson, Kevin Ives; and a nephew, Ted Anderson.

Last rites were at Mountain View Cemetery in the east bay city.

To Tahoe City—

3 Paid Firemen Named at Tahoe

TAHOE CITY—Chief Al Henry of the Tahoe City volunteer fire department announced the appointment of the community's first three full-time firemen, following a series of written and oral examinations.

Taking up their new duties as of August 1 will be Ed Killian, Walnut Creek; Bill Baxter and Ralph Wigaard, both of Tahoe City. They were the top scorers of six finalists among the applicants. Killian is a member of the fire department in his home city and Baxter has been a volunteer fireman here for the past three years.

There were 26 applicants, 18 took examinations and six passed both written and oral tests. The latter tests were administered by Carl Kistle of Sacramento, Saturday, and the eligible list established.

For the past 25 years, the district has been served by an active, trained volunteer department, which will now be supplemented by the full-time firemen.

The average farmer in California has 371.6 acres of land.

Pearl Sigg of Kings Beach was the lucky winner of the Money Hat trimmed with one hundred dollars that was given away at the Women's Club of North Tahoe luncheon and fashion show last Wednesday at the North Shore Club. Ella Edwards of Reno was awarded the best dressed woman prize. Approximately two hundred guests attended the festivities.

"Timely Togs of Tahoe" also featured six old time costumes dating back to 1900. A bathing suit, circa 1900, was modeled by Shelley Christensen, a carriage outfit with high lace shoes was modeled by Bethel Van Tassel, Martha Snyder modeled a beautiful graduation dress of 1900 and white lace trimmed dress and parasol, 1868; Becky Brodehl Shontz a dress almost 80 years old for afternoon wear; Vi Pomin a lavender afternoon dress and hat of 1900, Louise Bechdoldt a pink eyelet outfit of 1900.

Seated at the table of general chairman of the show, Dorthia Whitley were Louise Walter, club secretary, Letha Newlund, Pearl Kientz and Helen Indiviri.

At the table of Mrs. Harold E. Murphy were Mrs. William Luce, Mrs. Peter Guisti, Mrs. Geneva Lehman, Mrs. Ralph Menante, Mrs. Frank Peterson, Mrs. John P. Ferretto, Mrs. L. W. Ribal, Mrs. P. J. Minasian, Miss Margaret Dross, Mrs. Marttia Avery, Mrs. Bev Ribal, Mrs. John Rayburn, Mrs. James Melarkey, Mrs. John Avansino. Mrs. Ray Ceresola, Mrs. Al Solari, Mrs. Richard Nicholas and Mrs. Jean Bachinsky.

The club's treasurer, Virginia Engelhard, entertained guests Doris Bradley, Sylvia Burns, Alma Peterson, Ina Cooley, K. Connick, Jerry Cross, Louise Howard, Dorothy Caulkette and mother, Mrs. Moss.

Contributing to the affair, which will benefit the North Shore schools, were Cal-Neva Lodge, Crystal Bay Club, Jim Kelley's Tahoe Nugget, Nevada Lodge, North Shore Club Hotel, Western Tobacco Company and Ski and Sea of Reno.

Jackie Jensen and Zoe Ann Olsen Jensen were remarried in a simple ceremony at the home of the Rev. Chester Hamblin. Their daughter, Jan, 13, was maid of honor. The bride was given in marriage by Ray Ehlers of Incline Beach and Woody Burris of Incline Beach was best man.

The wedding party was held at the beach pavilion of the Sierra-Tahoe Hotel at Incline Village. Zoe is swimming instructor at the Burnt Cedar Beach at Incline Village.

Jackie was a football All-American at the University of California before he became a major league baseball all-star and American League "most valuable player." He retired from the Boston Red Sox in 1961 and has since been associated in numerous business projects, one of which is the Ponderosa Golf Course in Truckee.

Zoe Ann was a nationally ranked diver, winning second place medal in the 1948 Olympic Games and third place in the 1952 Olympic Games.

The Jensens have two other children, Jon,11, and Jay, 5. The couple was separated by divorce in May, 1963.

whatsdoing?

We all like to reminisce about "the good old days." But, it's easy to overlook how much cranking it took to get those good old days started. I mean, we cranked the car, the clothes wringer, the gramophone, and the telephone. Not so today. Take the telephone, for instance: Now you can call almost anywhere in the United States with just the spin of a dial. And it costs less, too. Back in 1920 a 3-minute daytime coast-to-coast call cost $16.50. Today the cost is only $2.25, plus tax, for the same station-to-station call. At night it's even less. Yes, times change. And so does the telephone, because telephone people are constantly improving it and the service it brings.

. . .

12,000 tax bills—that's really a mailbox full! And as California's largest property taxpayer, Pacific Telephone is paying that many property tax bills this year. The total cost: $106,000,000.

. . .

JIM BURKE PUBLIC TELEPHONE MAN for Pacific Telephone Company.

Jim has been with the Company for about two and one half years, all of it in the Sacramento Area. For the next three months he will be working out of the North Tahoe business office in Tahoe City.

His primary responsibility is to service public telephones in the surrounding Lake Tahoe and Truckee Area.

He says he enjoys working up here because the people are most friendly and the scenery very beautiful. The only unfortunate thing is his wife can not be up here to enjoy them.

. . .

Global TV becomes more of a reality all the time. Last April the Bell System's Telstar II was used to relay the first live TV broadcast, a 20-minute report on preparations for the 1964 Olympic Games, from Japan to France.

HOW NOT TO BE CHARGED FOR DIALING A WRONG NUMBER OUT OF TOWN.

Here's something that's important to know about Direct Distance Dialing service: If you reach a wrong number, just ask the person who answers for the name of his city. Then hang up and dial the operator and tell her. She'll see that you're not charged for the call.

TRUCK OVERTURNS IN DONNER MISHAP

Traffic near Soda Springs on U. S. 40 was tied up for over an hour on July 7 after a dump truck driven by James L. Larkin, employed by a construction firm working on the freeway overturned.

Larkin told the highway patrol he was rounding a curve when two cars approaching from the opposite direction were passing. The truck clipped a pickup operated by Douglas Miller of Meadow Vista and caused the wreck. No one was injured.

SHARON HERDEL TO WED BILL SANTOS

Miss Herdel, a niece of Charles Fink, is employed at Loynd's Truckee Drug this summer.

In California...
after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In California, beer goes with fun, with relaxation

Funds Allocated For County Study

Congressman Harold T. (Bizz) Johnson last week wired the Sierra Sun that he has obtained a grant of $25,186 from the federal housing and home finance agency to conduct an urban planning assistance program for Nevada County.

The grant is contingent on the county's contribution of $12,593, or a third of the total estimated outlay for a general plan for all of Nevada County, extending through 1990. The planning program will take nearly two years and will be conducted by Williams and Mocine of San Francisco.

Emphasis will be placed on urban development in concentrated communities such as Grass Valley, Truckee-Donner and Nevada City, but all areas of the county will be covered in the final report.

Planning Director William Roberts said that it is hoped to get some detail underway in the current budget year.

HUGE GAIN SHOWN IN SALES IN COUNTY

During the first quarter of this year, there was a 21 per cent gain in sales in Nevada County, according to a report issued by Paul R. Leake, chairman and third district member of the state board of equalization.

A breakdown did not show the percentage of gain in the Truckee-Donner area, but it may be presumed that it was substantial.

In Nevada County, $7,169,000 in transactions took place, netting the state $215,070 on three per cent. The county's sales represented .10 per cent of the state's total business.

Neighboring Placer County reported a gain of 17.6 per cent over 1963.

SQUAW VALLEY MEN PLEAD NOT GUILTY

TAHOE CITY — Four men charged with failure to disperse and unlawful assembly during the moving of the press building at Squaw Valley, have entered pleas of not guilty and asked for a jury trial.

The defendants, B. J. Newsom, 26, Patrick J. Newsom, 21, Frederick Onorato, 32, and Gregory Brown, 24, appeared before Judge Robert Fugazi recently. Trial date was set for September 15.

The men were arrested last week after deputies said they set up a road block to halt moving the building by employees of Alex Cushing, owner of a neighboring lodge.

HEALTH OFFICIAL IN COUNTY LEAVES JOB

Mrs. Margery Worth, director of the Nevada County welfare department, has submitted her resignation to the board of supervisors effective September 1.

Mrs. Worth has been director of the department for seven years and her resignation was accepted with regrets. She gave no particular reason for leaving and mentioned the complete cooperation of the supervisors, but indicated she planned a long rest before resuming work.

A minden marriage license was issued to Andrew Garcia, 33 and Bonita Sumpter, 20, both of Truckee.

TAX BILL FOR EACH RESIDENT IS $156

SACRAMENTO, (CNS) — California's property tax load stands at $156 per year for every man, woman and child in the state, the board of equalization announced today.

And it doesn't decrease as population swells, but increases because of additional government spending. In fact, the per capita load increased from $102 to $156 in the short space of seven years.

The board, reporting on property taxes levied by counties, said $2,805,152,000 was produced by local taxes during the 1963-64 fiscal year.

The taxes were levied on an assessed valuation of $35,066,088,000, at an average tax rate for the state of eight percent, which means that eight cents out of every dollar in the economy goes toward operating local government. State and federal levies are over and above this figure.

The board said Nevada county, including all cities, school and special districts, raised $3,260,000 to pay the local government tax bill. The average rate for the county was 6.73 cents on the hundred dollar assessed valuation.

HELICOPTER SCHOOL FOR JUMPERS HELD

A training school for fire fighters was conducted here July 6th by George Steed, district forest ranger, demonstrating how fire fighters can safely leap as much as 20 feet from a helicopter without injury.

The jumps are necessary at times when the helicopter is called to a fire with firemen and their equipment. The school also showed how this equipment can be dropped and water put on the flames from the copter.

The school was conducted at the Truckee Ranger Station and is only one of many being held to acquaint fire fighters with the latest techniques in getting the jump on the fires in the forest.

PEDESTRIANS OFTEN CAUSE OF ACCIDENTS

"Drivers often get the blame when a pedestrian is struck by a car—but frequently it is a violation by the person walking which causes the accident," Bradford M. Crittenden, California Highway Patrol commissioner, pointed out.

"In 1963, for instance, 14,437 pedestrians were injured or killed in California accidents. About 1000 of these persons had been drinking. Other pedestrian violations among the top accident producers are walking on the wrong side of the road and failure to yield the right of way to a vehicle outside of a crosswalk. The latter includes jaywalking, and stepping out from between parked cars."

The commissioner said that pedestrian fatalities are more likely to occur at night. "Six out of 10 pedestrian deaths occur during darkness, and about the same number involve persons over 45 years of age.

"The message is clear for the pedestrian. Know and observe tthe law. Don't cross the street at midblock, for instance. And walk on the left side of the roadways where no sidewalk is available.

"Use common sense, as well. At night, remember the driver can't always see you, just because you can see his lights. Dark clothing is particularly hard to make out. Try to cross streets at lighted intersections, but don't cross until you are sure you have ample time."

Ground Broken On CYA Facility

SACRAMENTO, (CNS) — Plans for eventual centralization of Youth Authority activities in northern California will be enhanced June 29 when ground breaking ceremonies are held for the beginning of a multi-unit youth center.

The center will be located on a 952 acre site on Castle Road, a mile and a half east of Stockton Municipal airport. The unit will be the first of twelve which eventually will house nearly 5,000 boys.

A similar unit is in the plans for construction near the city of Ontario, San Bernardino county, which will handle the southern California offenders.

Herman C. Stark, director of the Youth Authority, said that by centering the operation, and building housing around central plants which provide various facilities, the taxpayers will save about $15 million over a period of years.

The youth authority has gone all out in planning the good life for youthful offenders. The first institution will have a multi-purpose gymnasium, an out-door swimming pool, a school, industrial shops, arts and crafts shops, academic school administration facilities, and a general administration building.

Central service facilities will include maintenance shops, a fire station, food preparation building and warehouse, employee dining center, general hospital, and an administration building.

Tahoe Tavern

hotel. The four-story, many gabled buildings, with cedar shingled exteriors, wide porches and huge lobbies, became the showplace of Lake Tahoe.

Williams noted that some of the existing buildings will be maintained to preserve the historic character of the property. However, he speculated that the main hotel building, which was not designed for winter use, may be removed.

Mr. and Mrs. Fred Ichelson, owning operators of the tavern for many years, said the sale to the Moana developers was consummated early this year but that the plywood firm only recently entered as a purchaser. U. S. Plywood, through its Weldwood Structures division, has been active in developing Crystal Shores at Incline Village, on the lake's north shore.

UNICYLIST VARIETY STARS AT LES GIRLS REVUE AT TAHOE

The Volantes defy the laws of gravity, defy reality, defy sanity, with their unique unicycling act—one of the highlights of the exciting Vive Les Girls Revue in the Topaz Room at Nevada Lodge, North Tahoe's entertainment center.

They wheel onto the stage in a wild and exciting jitterbug routine that captivates the audience, and, as the stage darkens, multi-color lights in their wheels create racing rings of red and blue. As if this wasn't enough, the Volantes swing into a daring two-high-on-the-wheel, riding precariously close to the edge of the stage while nonchalantly juggling. While the audience is still trying to recover its composure, the Volantes performance really "gets on the ball" . . . literally!

They ride their unicycles perched on a large ball. Climaxing this extraordinary exhibition, the Volantes, riding seemingly with abandon, switch from one size unicycle to another until they cannot reach the pedals of the largest, and create the impression that they're about to catapult off the stage.

The exciting conclusion of this act—honest, we promised not to reveal it—gives the audience the exhilirating feeling that they are almost part of it.

Alternating with Vive Les Girls are the Village Stompers. Cutting loose with a new sound called "Folk Dixie," this new group of young musicians creates a lively, happy beat that according to a review in the New York Times, has the "Stompers" ticketed for stardom.

Lions Elect International President

Claude M. DeVorss of Wichita, Kansas, was elected President of Lions International at the Association's 47th annual convention in Toronto, Canada, July 8-11. Lions International, with 720,000 members in 124 countries, is the world's largest service club organization.

Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 400,000 individual community projects.

Incorporation

(Continued from Page 1)

termine whether the area would be benefited from incorporation and is not taking sides as an organization to either promote or discourage the plan.

A recent feasibility report, financed through individual contributions, showed that both from a standpoint of improved services and financially, the combined Truckee and Donner Lake community would be greatly benefitted. The proposed area would include all of the property now embraced by the Truckee Public Utility District and the district, if present plans are carried out, would become a municipal district.

While some residents of the Donner Lake area are opposing the project, many property owners there have voiced approval and while there is no way to determine the wishes of the majority, aside from an election. it appears, according to proponents, that the issue will carry, giving the community the benefits available only to self-governed cities, through state and federal grants, subsidies and tax refunds.

Borax Lake in Lake County was the first commercial source of borax in California.

Anderson Guests

The Dan Andersons of Tahoe Vista have a full house of family this week. Coming from Hayward is daughter and husband, Mr. and Mrs. Ern Thompson and coming from Buffalo, New York by jet to Reno, was Jimmy and Kenny Anderson, the grandsons of the Andersons. They will stay a month at the lake. The three granddaughters, Susan, Sandy and Sydney Walsh have been here since the middle of June.

Jack Young's "Spice on Ice" on Sunday evening. We were especially happy to see an old friend from Alamo who is now on the south side and whom we knew from Oakland days, Reba Sherk and her daughter and son in law Nancy and Hal Morgan. Reba owns the Tahoe El Dorado. With them were Ed and Peggy Silva, former Martinez residents who own the Thunderbird Motel and Barbara Weindel who is one of the owners of the Carousel. Also there were Denny and Fran Maas of the Holiday who are former residents of Kings Beach. Denny also taught school at Kings Beach before moving to the south shore.

Celebrities in the Celebrity Room were baseball greats, Lefty O'Doul and Joe DiMaggio and Senator Alan Bible of Nevada, and Tahoe Vista's own former TV and movies singing star, Whip Wilson.

TAHOE FIRE DISTRICT ENLARGED IN SIZE

CRYSTAL BAY — The North Lake Tahoe Fire Protection District has nearly tripled in size to embrace approximately 15,000 acres of the Nevada north shore area.

Increase in the district's size came when the Nevada Division of Forestry relinquished control of 9,000 acres which included all of Incline Village and the Incline Basin area. Prior to July 1, the end of the fiscal year, the fire district covered about 5,000 acres.

Two paid firemen, chief Jack Kissinger and assistant chief Bill Bulman, with a well trained staff of 18 volunteers and excellent equipment, are charged with protection of the expanded area.

FOUNDATION FUNDS WILL BE USED IN STUDIES AT TAHOE

A special grant of $16,500 has been made by the Max C. Fleischmann Foundation of Nevada to defray costs of an engineering feasibility study on ways and means of exporting treated sewage effluent from the North Shore areas of Lake Tahoe.

Announcement of the grant was made today by President Harry Marks of the Lake Tahoe Area Council which received the funds in behalf of Wallace W. White and Jack Leggett, Nevada and California state coordinators of the governors' bi-state Lake Tahoe sewage disposal program.

The six months engineering study will be made in accordance with specifications in a proposed contract submitted last April at the request of the board of supervisors of Placer County by Engineering-Science, Inc. of Arcadia, California. When the county was unable to obtain funds from the the work,a request for funds was initiated with the Fleischmann Foundation by Coordinators White and Leggett throngh the auspices of the area council.

The study area will embrace the Lake Tahoe watershed from the northerly boundary of the proposed Nevada State Park on the east shore westerly and southerly around the lake to the northerly boundary of Emerald Bay State Park. The study specifications call for an evaluation of all present sewage facilities and operations, an evaluation of all future sewerage needs, including final disposal of effluent to conform with findings as set forth in the 1963 comprehensive sewage report on the basin; cost estimates of plant needs and export facilities and recommendations on the most feasible export program for the area.

LUNARDI LASHES HIGHEST COURT ON RECENT RULE

Senator Paul J. Lunardi recently censured Chief Justice Warren's decision on reapportionment of State Legislatures.

"I could understand a person who has lived in an ivory tower all his life and completely devoid of knowledge of state government to make such a decision. But to have the chief justice, who has served as governor of California perhaps longer than any other person, make such a reversal of his own philosophy tears at the very heart, traditions and customs of America. I believe this is sheer unadultered ignorance.

"This decision," Lunardi said, "will go down in history as the worst ever rendered by the supreme court in which they exceed their authority by entering the so-called 'political thicket' and legislating against the sovereign rights of the states. Without a doubt, this will pave the way for an atmosphere of extreme bossism and will provide southern California the power to control and drain all resources, both natural and financial, throughout the State.

"At this point," Lunardi continued, "the only alternative is an amendment to the Federal Constitution that would nullify this decision and would further prevent the supreme court from saddling the states with political theories without regard to their distinct history, geography, distribution of population and political heritage,"

Charles Dodds, handsome singing star of Columbia Records and 20th Century Fox, is now entertaining on the North Shore of Lake Tahoe at the New Cal-Neva Lodge in the sizzling stage show "Spice on Ice," which was produced especially for the Celebrity Room in Cal-Neva by Jack Young. "Spice on Ice" has played to capacity audiences for 3 years at the Americana Hotel in Miami Beach, Florida.

Not Incorporated, Truckee Left Out In Tax Allocation

A number of smaller incorporated cities of California shared in the distribution of $282,150,149 from local sales and use tax allocations, according to a report from Paul R. Leake of Woodland, chairman of the board of equalization and member from this district.

Counties' treasuries were fattened by apportionments to unincorporated areas. Thus, in Nevada County—where Truckee and Donner Lake constitute a major portion of the unorganized communities—$204,455. The two municipalities, Grass Valley and Nevada City, shared $139,261.

A check of small cities, comparable in size to this area, shows the following receipts for the fiscal year ended June 30:

Ione, $12,502; Jackson, $51,878; Sutter Creek, $15,502; Colfax, $22,777; Rocklin, $10,769; Portola, $19,175; Isleton, $12,701; Loyalton, $10,484; Live Oak, $17,553; Angels Camp, $18,119.

This total was $20,929,229 or 8 percent higher than that for the prior fiscal year, Leake reports.

Slightly more than half of the increase may be attributable to population growth and inflation; the rest resulted from the general improvement in business.

Cities received 79 percent of this revenue; counties other than San Francisco got 14.6 percent; and 6.4 went to San Francisco, a combined city-county.

Leake noted that the 25 northernmost counties comprising the Third Equalization District, which extends from Marin east to El Dorado and north to the Oregon border, received $18,397,106, up $1,856,327 or 11.2 percent from the amount for the prior fiscal year.

GAS, CAR TAX FEES GO TO COUNTIES

SACRAMENTO — State Controller Alan Cranston has announced the distribution of $127,612,292 among the state, cities and counties as the June apportionment of highway users taxes.

Nevada County's share totalled $29,023.73 on the basis of 18,296 registrations and 499.36 miles of road maintained. Of this, $2,569 was earmarked for snow removal.

Placer County, with 47,126 registrations and 930.36 miles of road, drew $54,597.13, with $4,764.67 explicitly for snow removal. El Dorado County was allocated $52,283.77, based on 28,850 registrations and 982.58 miles of road. The latter showed a $3,805.09 fund for snow removal from the June distribution.

These funds are derived from distribution of gasoline and diesel fuel taxes, the motor vehicle transportation tax, motor vehicle registration fees and other related sources.

* * *

Based on a population of 20,911, Nevada County received $92,864 from the $34,911,882 appropriation of motor vehicle license fee revenues for the six-month period ended May 31, State Controller Alan Cranston announced.

The money was distributed to city and county governments.

Cranston said this appropriation, the third and last of the 1963-1964 fiscal year, brought the total to $150,016,732 or more than $15 million more than last year.

Being an unincorporated community, the Truckee-Donner area received only what the county might allocate in this area from the $92,864 received for the period.

Nevada City, with a population of 2,353, was allocated $12,537 for the six-month period.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe Truckee Unified School District, Placer and Nevada Counties, California, on or before, and no later than 8:00 p.m., on the 5th day of August, 1964, for installation of tennis courts at Kings Beach Elementary School in accordance with specifications on file in the office of the Superintendent of Schools, located in the old Elementary School, Church St., Truckee, California.

Each bid must conform to the requirements of the plans and specifications and all other documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Superintendent of Schools, Truckee, California.

No bid will be considered unless it is made up on a form provided by the Superintendent of Schools and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within five days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty per cent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred per cent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the Owner.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of the suitability of the materials offered.

Bidders are required to submit complete specifications with prices for any and all materials offered.

By order of the Governing Board of the Tahoe Truckee Unified School District.

John S. Corbin
Superintendent of the Governing Board of the Tahoe Truckee Unified School District.

JOHNSON PUSHES FOREST USE LAW

WASHINGTON, D. C.— The house of representatives has passed and sent to the senate for consideration a bill designed to curb litterbugs and careless fire practices in national forests.

Congressman Harold T. (Bizz) Johnson of the 2nd district had authored the legislation and steered it through the house of representatives.

"It is my hope that senate approval of this legislation will be taken at an early date," Congressman Johnson said. "I believe this offers the forest service a means of solving a major problem of law enforcement in the national forests."

The bill would give U. S. commissioners the authority to dispose of minor offenses against federal forest regulations. The commissioners now have this authority to deal with violation in national parks.

In the absense of the legislation, violators of litterbug, fire safety and other offenses must be taken before the U. S. district courts, the closest of which is in Sacramento, Fresno or Los Angeles, involving great investments of time and money on the part of law enforcement officers.

JUDGE CHAPPELL DRAWS OPPONENT

ZEPHYR COVE— Ralph Badders, former chief of the Lake Tahoe fire protection district at Zephyr Cove, has filed for the post of Tahoe township justice of the peace. He will oppose incumbent Ellsworth Chappell.

Douglas County Clerk Earnhart Thran reported also that Tahoe Township Constable Robert Woodley has filed for reelection at the primary September 1. He will be opposed by Darrell Stanley.

COUNTY COUNSEL JOBS ARE CREATED

NEVADA CITY — A tentative county ordinance to create the positions of county counsel and deputy was adopted by the board of supervisors last Thursday evening. The new law is slated to take effect 30 days after adoption.

The two new positions call for part time service by the employees, at salaries of $550 and $500 respectively. The matter has been pending for some time and the creation of the two new jobs had been opposed by District Attorney Harold A. Berliner, on the grounds that it would represent a costly overlap of service which could be rendered by his office.

In other business, the board adopted a resolution for ambulance service in Truckee under the same conditions as last year.

Three budgets were adopted unanimously: the county road department for $530,000; the county hospital for $636,407 as the gross amount, minus $25,000 leaving a net budget of $511,407; and the Nevada County Airport for $28,225.

The county counsel's budget of $17,534 was adopted immediately following the unanimous vote on the ordinance.

SCHOOLS IN COUNTY GET NEAR $800,000

SACRAMENTO (CNS) — The state department of education has notified state, county and school authorities of the second principal apportionment of the state school fund for the public school system for the year ended June 30, 1964, totaling $771,266,899.

The apportionment included a total of $799,595 for Nevada County.

The second principal apportionment included $406,569 for elementary schools; $314,873 for high schools; and $77,985 for the county school service funds. In most cases, there were slight corrections from previous apportionments which changed the total figures.

FIRST SERVICE AT INCLINE CHURCH

INCLINE VILLAGE— Rev. Gary Adams, vicar of the newly opened St. Patrick's Episcopal church here, conducted first services in the edifice Sunday, July 12. Rev. Adams was ordained recently to the deaconate in Reno and was appointed by the Epicopal bishop of Nevada to St. Patrick's.

Land for the church as acquired in 1963 and construction at Village boulevard and Driver way was begun in March this year.

The vicar reports the church likely will be granted the status of an organized mission within a few days, since it is well over the required minimum of 12 communicants.

Holy Eucharist will be celebrated the first Sunday of each month at 9:30 a.m. Morning prayer will be conducted at 9:30 a.m. on other Sundays throughout the year. A church school is being planned for September, Rev. Adams stated.

TIMBER HOLDINGS BIGGER BUT FEWER

California timber holdings and the mills which cut the timber are getting bigger and fewer like California farms, according to a report made to the University of California forest products laboratory at Richmond.

The prospects are, said Dr. John A. Zivnuska, university forest economist, that the state's timber cut which reached a peak of 6.4 billion board feet a year between 1953 and 1960 will level off at around 5.5 billion by 1975.

New uses for wood and utilization of wood now wasted can, however prevent loss of jobs in the timber areas which would otherwise occur with the shrinkage of production and improved productivity of labor, Dr. Zivnuska said.

EHRMAN PROPERTY EYED AS STATE PARK

The press in San Francisco speculated recently that the Sidney Ehrman property at Tahoe may be in line for acquisition into the state park system. The article indicated the issue hinged on passage of Proposition No. 1 on the November general election ballot. This is a proposed statewide bond issue for expansion of the parks system.

The Ehrman property is located along 2½ miles of lake frontage between Meeks Bay and Homewood.

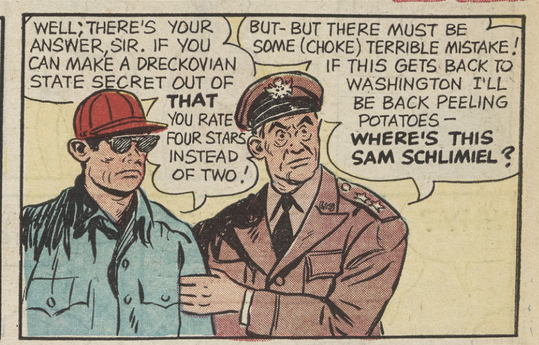
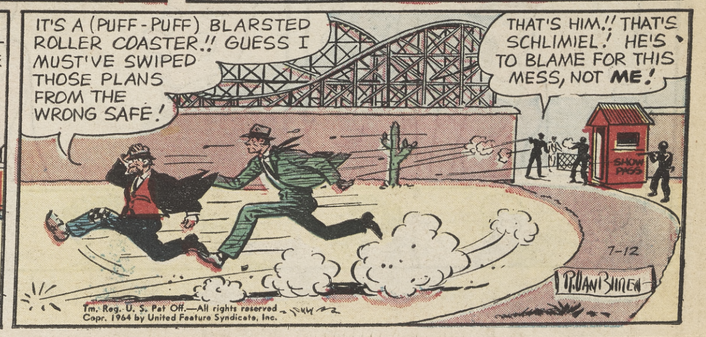
BATHLESS - I GOT GREAT NEWS FOR YOU! THE DRECKOVIAN STATE SECRET YOU SWIPED I HANDED OVER TO OUR GOVERNMENT AND NOW — AT THIS VERY MOMENT — THEY'RE BUILDING IT.!!

A FEW DAYS LATER.
THE GOVERNMENT TOOK THEM STATE SECRETS YOU SWIPED AND THEY'RE BUILDING WHAT THE PLANS GOT ON 'EM. THEY'VE INVITED ME T'SEE WHAT THE DRECKOVIAN SECRET WEAPON IS.!!



WELL; THERE'S YOUR ANSWER, SIR. IF YOU CAN MAKE A DRECKOVIAN STATE SECRET OUT OF THAT YOU RATE FOUR STARS INSTEAD OF TWO!
BUT- BUT THERE MUST BE SOME (CHOKE) TERRIBLE MISTAKE! IF THIS GETS BACK TO WASHINGTON I'LL BE BACK PEELING POTATOES — WHERE'S THIS SAM SCHLIMIEL?

BATHLESS - YOU SEEIN' THE SAME THING I AM?
YEP - WE MUST BE IN THE WRONG DESERT - THAT LOOKS MORE LIKE BLARSTED AMUSEMENT PARK THAN A PROVIN' GROUND FOR STATE SECRETS!



IT'S A (PUFF-PUFF) BLARSTED ROLLER COASTER!! GUESS I MUST'VE SWIPED THOSE PLANS FROM THE WRONG SAFE!
THAT'S HIM!! THAT'S SCHLIMIEL! HE'S TO BLAME FOR THIS MESS, NOT ME!
